E 190Q – Autonomous Robot Navigation

Jaguar Lite

Software Install Instructions

1.   Download the **Jaguar_BaseCode** folder to the Desktop from the course web site.

2.   Go to the **DVD RW Drive JaguarLite_Laser > JaguarControlSetup**
        Run **setup.exe** (Select Next, install Dr Robot Jaguar Control for *Everyone*, etc.)

3.   Go to **DVD RW Drive JaguarLite_Laser > Microsoft DirectX SDK**
        Open the **directx_mar2008_redist** application (Select Yes for the agreement)

4.   Create a subfolder in **C:\Program Files (x86)\Dr Robot Inc** called **Jaguar_DirectX**
        Set it as the destination for extracted files and press OK.

5.   Look in the Jaguar_DirectX folder and run the **DXSETUP** application.
        (Accept the agreement, select Next x2)

6.   Download Google Earth online - http://www.google.com/earth/download/ge/

7.   Go to **DVD RW Drive JaguarLite_Laser > AxisCamera**
        Run the **AXISMEdiaControlSDK** application (Select Next, accept, Next).
