

# Biology Department Petition for Course Substitutions

Name

Today's Date

Advisor

Expected Major and Graduation Year

## **Petition**

Use this form to petition the biology department for any major course substitutions. This form must be submitted to the department and returned to you *before* your advisor signs your pre-registration card if you want to get departmental credit for a substituted course. For study abroad students or students wishing to substitute an off-campus course for a major requirement, include the course name and number, attach a catalogue description, and indicate what type of credit you hope to get for this course (e.g. biology elective credit, credit for Molecular Biology + Lab, etc). Use this form also to petition for the *alternative colloquium* or to substitute colloquium in another department.

For Departmental Use:
