Writing Requirement: Each student must take at least one HSA course other than HSA 010 that assigns significant writing (defined as at least 5000 words or eighteen pages of formal graded writing, excluding exams, informal reading responses, emails, Sakai posts, in-class writing, and other informal mini-assignments).

Departmental Requirement: The Department requires that at least four of a student’s HSA courses beyond HSA10 be taken with departmental faculty. Joint Music faculty qualify as department faculty.

Final Word: See the Harvey Mudd Catalogue and the HSA department’s website for complete information about the HSA program and requirements. On discretionary issues, the final word on your HSA program rests with your HSA advisor.
